

### Intro Phase

Today, we're going to play a game on my machine here! Look at my game!

Let's play my game. In my game, you have to make the ball go into the goal here! Look! In order to make this ball go, you have to blow *really hard* right here. If you make the ball go into the goal, you get one of these cool stickers! [shows stickers]

Let me show you how it works! 1, 2, 3, go! (blows and ball launches) Look at it go!

(when the ball misses) Aw, I missed it, the ball didn't make it in the goal.

Let me try again! 1, 2, 3, go! (blows and ball launches) Look at it go!

(when the ball reaches the goal) Yay, I made it! The ball is inside the goal! That means I get a sticker!

Do you want to try?

### Warm-Up Phase

Okay - how about you blow right here (point to bottom of box) and try to make the ball go into the goal! [when the child blows, the ball launches]

(when the ball misses the goal) Aw, it looks like your ball missed the goal.

Do you think you want to try again? Go ahead and blow right here! (when child blows, the ball launches)

(when ball misses the goal) Aw, it looks like your ball missed the goal again.

Do you think you want to try again? Go ahead and blow right here! (when child blows, the ball launches)

(when ball misses the goal) Aw, it looks like your ball missed the goal again.

### Test Phase

What do you think, do you want to try making the ball go into the goal one last time? Remember if you make it in the goal, you get one of these stickers. Go ahead and blow right here! (when the child blows, the ball launches)

Here it goes!

(ball freezes: in the **Almost** condition, it freezes while on a straight line to the goal and in the **Way-Off** condition, it is veering for a miss)

Oh no! Looks like my game is broken and your ball is frozen - I'm sorry about that! Well, it

looks like I will have to restart this game...

Ok. If you want to keep playing THIS game, I'll just have to restart my game - it will be quick but you will have to wait. OR, we can play a DIFFERENT game instead, and you can do that right now.

So what do you think, do you want to wait while I restart THIS game, or do you want to play a DIFFERENT game right now?

- (regardless of what they say) Okay!

### **Final Phase**

Oh - you know what? It looks like my game is fixed now! Do you want to give it a go one last time? Go ahead and blow right here!

(succeeds) Yay - look you made it into the goal! That means you get one of these cool stickers!

Okay well you know what, that's actually the end of my game today! Thank you so much for playing!
